NPK bevel gearbox

Versatile right-angle planetary gearbox. Based on the NP gearbox with an additional bevel-gear input stage. Used where space-constraints does not allow an in-line assembly with the motor. With LP+ B14 output geometry. Smooth or keyed output shaft. The stated maximal backlash is kept throughout the lifetime of the gearbox. Contact Rollco for CAD-files.

Ratio: 3-100
Max. Torque (Nm): 14 - 700
Other models: food-grade lubrication
