Standard Rail SBI

Cut to length acc. to request.
Rails can be joint together for extra long lengths.
Contact Rollco for more information.

Note: If the maximum length exceeds this size please contact Rollco.

All blocks and rails are also available in Raydent treated material:
• Corrosion resistant
• Patented black surface
• Delivered with steel balls of standard bearing steel.
Stainless steel balls are available on special request and for a few sizes only. Contact Rollco for more information.

Dimensions in mm.

For more information about recommended screw size, strength and tightening torque, see Linear Rail SBI Technical Information.
